

# Buchheit 37% Protein Block

## Product and Application

- Blocks for self-feeding of beef cattle on pasture or all-roughage rations
- Cattle will eat about 1 to 2 lbs daily
- Meets all supplemental protein, mineral, and vitamin needs when pasture or forage supply is adequate
- Do not use for sheep or goats due to potential for copper toxicity

## Features and Benefits

Feature	Benefit
37% protein	High level of protein helps meet amino acid needs for growth, maintenance and lactation
Contains non-protein nitrogen	Provides rumen degradable protein for maximum fiber digestion of lower protein pastures and forages
Added minerals and vitamins	Provides salt, minerals and vitamins to meet all daily requirements
